History and Heritage

Waverley is the last seagoing Paddle Steamer in the World! When you step aboard you are stepping back to a time when Paddle Steamers were an important part of coastal passenger and excursion trade.

Dating back to the 1800's, this tradition remains alive today only in the operation of Paddle Steamer Waverley. She is Britain's largest interactive exhibit.

Onboard you can learn about Britain's maritime history and its social contribution: from the heritage craftsmanship, to traditional seafaring skills through to the engineering masterpiece - the triple expansion engine at the heart of the ship turning the famous paddles.

The Captain, Officers & Crew look forward to welcoming you onboard to recapture the nostalgia of bygone days and enjoy a great day out.

Eating & Drinking

Waverley has a restaurant which offers passengers everything from soups, sandwiches, snacks & afternoon tea to a 3-course meal. The menu is available to view on the website and onboard. You are not permitted to bring alcohol onboard but the ship has two lounge bars and a tearoom. You are welcome to bring packed lunches on board, however you cannot eat these in the ship's Dining Saloon as seats are reserved for passengers purchasing food onboard.
